

Registered Nurse

Registered nurses are qualified to work as nurses upon their arrival in the United States as a result of the immigration process based on their qualifications, licenses, and practical nursing experience.

Registered nurses begin establishing work experience as nurses in New York City, primarily in the metropolitan area. This region possesses an abundance of opportunities for self-improvement. For example, there are ample choices in choosing an educational institution when selecting an MSN course in the future. In addition to that, they will receive protection by the employer regarding any possible issues while working in hospitals.

Type of Visa

Employment-based
Immigrant Visa (EB-3)

Estimated Processing Time

Varies following the Visa Bulletin

Intended Area of Work

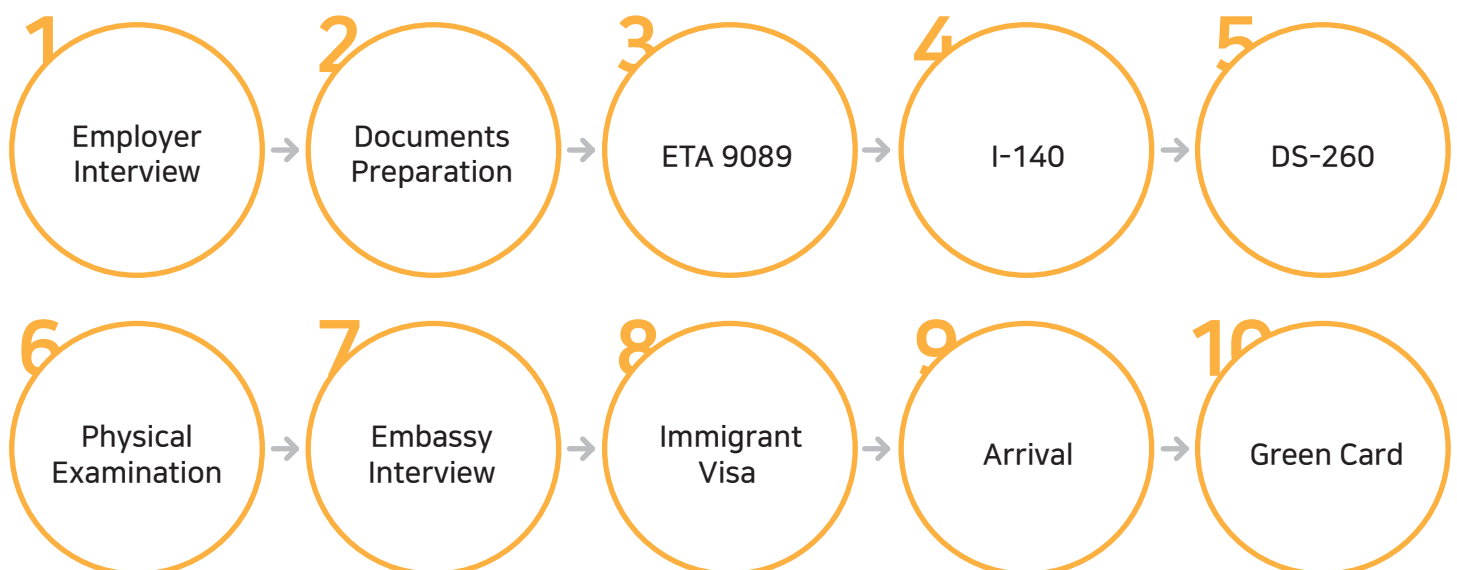

Primarily in New York, other
states are available as well.

Requirements for Registered Nurse

1. NCLEX: U.S. R.N. License
2. Clinical Experience
3. Strong English Communication Skills, Visa Screen Certificate*
4. Bachelor of Science in Nursing (Minimum - Associate's Degree in Nursing)

*The Visa Screen Certificate (VSC) is a certificate that must be brought to the embassy interview for healthcare professionals in order to obtain an immigrant visa by evaluation of nursing license, nursing school degrees, and proficiency in English (IELTS Academic Overall score of 6.5 with 7.0 in Speaking, TOEFL IBT score of 83 with a speaking score of 26 at minimum).

Immigration Process

IECC provides a wide range of a visa sponsorship and job arrangement services for healthcare professionals. With its headquarters in New York and branches in various Asian countries, it has fostered an outstanding and reliable immigration service for our candidates. Having found opportunities for more than 500 professionals as of today.

Skilled worker positions require at least two years of experience or training in the respective field. Candidates will be supported by a suitable employer from companies associated with the professional field in the United States, make an employment agreement, and eventually acquire a green card. In the skilled workers category, Registered Nurses and Physical Therapists are included in "Schedule A" and are in the deficient job classification due to retirement of baby boomers and so on. The United States Department of Labor(DOL) has allocated Registered Nurses and Physical Therapists to the special care that does not require Labor Certification(LC).

Physical Therapist

Physical Therapists are qualified to work as soon as they arrive in the U.S. because they go through the immigration process based on their profession. The U.S. Physical Therapists receive good treatment, similar to how doctors are treated, and have a high level of job satisfaction. The U.S. Bureau of Statistics anticipates physical therapy to be one occupation in high demand with career longevity.

Franklin University (Online RN-BSN program)

In nursing, a baccalaureate-level education matters. In fact, a national goal set by the Institute of Medicine recommends that 80 percent of the nursing workforce earn a bachelor's degree by the year 2020. Why? Studies show that when the percentage of baccalaureate-prepared nurses is higher, so are patient outcomes. Elevate patient care while you accelerate your career with Franklin University's B.S. Nursing. Our RN-to-BSN degree-completion program can help strengthen both your clinical and leadership competencies.

- Main Campus located in Columbus, Ohio
- Fully accredited by CCNE → Visa Screen Certificate English Score Exemption
- 100% engaging, media-rich, hands-on online classes
- Reasonable tuition: 53 percent less than the national average private, non-profit four-year college
- Coordinated by IECC from admission to graduation

Admission Requirements

1. Application
2. Nursing School Degree & Transcript
3. NCLEX or Credential Evaluation Services (CES) Academic Report
4. English Language Proficiency:
ACCUPLACER* or IELTS (Reading 6.5/ Writing 6.5)

*ACCUPLACER Test:

- Reading: 20 questions, multiple choice
- Writing: 1 topic, 300-600 words essay

Commencement

Face-to-face Orientation

Harrisburg University: Graduate Program

Harrisburg University

Harrisburg University is a private non-profit STEM(Science, Technology, Engineering and Mathematics)-focused university located in the capital city of Pennsylvania. Harrisburg University places special emphasis on education in fields related to engineering, applied science and technology and offers 13 bachelor's degrees, 12 master's degrees, and 2 doctoral degrees and certificate programs. US News & World Report ranked Harrisburg University of Science and Technology at #142 in Regional Universities North in the 2019 rankings.

Master of Science in Healthcare Informatics

Healthcare Informatics at Harrisburg University provides unique educational opportunities in this emerging specialty area for experienced clinicians (physicians, nurses, nurse practitioners and physician assistants) and clinically oriented healthcare administrators. The M.S. in Healthcare Informatics at HU addresses the need for healthcare informaticists who require in-depth knowledge in selected informatics specialty areas and prepares students to interact effectively with analytics specialists to define priority subject areas, evaluate data sources and understand the strengths and weaknesses of analytics results, communicate new knowledge and insights to senior management decision makers, facilitate implementation of management's decisions.

IECC English Education Program

Goal

- Our aim is to provide candidates with the necessary help that they need to meet the minimum requirements for the IELTS Speaking exam
- To help familiarize candidates with not only the IELTS Exam process but casual speech as well
- Helping those who have achieved a sufficient exam score or those who are simply interested in learning practical everyday English
- Provide opportunities for conversation practice in order to enhance English speaking/listening skills
- Maintain regular contact and providing feedback in order to augment skills

What we Offer

IELTS Preparation

- Prepare prospective candidates for the IELTS Speaking Exam
- Evaluate and provide the necessary support to improve the speaking ability of candidates
- Utilize example questions in order to help candidates become familiar with the exam
- Provide regular feedback for candidate responses in regards to example prompts

English Conversation Enhancement

- Help candidates who wish to improve their casual English conversation
- Provide scenarios in every day English conversation
- Utilize examples of when to use certain expressions or sayings
- Provide time to practice casual English
- Answer relevant questions that candidates may have

Preparation for Higher education in the States

- Focus is on candidates preparing to take the Accuplacer exam
- Heavy focus on reading comprehension and writing
- Particular focus on essay writing, essay structure, and more
- Lessons in grammar particularly for the essay portion of the exam
- Practice essay prompts with revisions provided by instructor
- Answer relevant questions that candidates may have

Class	Subject
1	Evaluate individual students' ability. See how well they can speak and listen.
2	Go over previous assignment, have them read it aloud as well. Go over briefly what mistakes were made.
3	Paraphrasing. Talk about what paraphrasing is and the difference between verbatim quotes.
4	Go over paraphrasing homework. Do some vocabulary practice.
5	Pronouns. What are the various pronouns and when to use them.
6	Subject-Verb Agreement. Singular and plural forms of words.
7	Irrelevant information in reading passages. What is relevant and what is random.
8	Fact vs. opinion. Break down what is the difference between fact and opinion.
9	Cause and effect. Explain the relationship between cause and effect.
10	Point Of View(POV). First, second, and third person point of view and how to identify the POV.
11	Work more on listening/speaking skills. Suggest they watch a movie clip and summarize the dialog as homework.
12	Comparatives and Superlatives. Discuss what comparatives and superlatives are and the differences.
13	Reading Comprehension practice quiz.
14	Writing, paragraph structure. Talk about the basic structure of a paragraph
15	Writing, essay structure. Explain the basic structure of an essay.
16	Outlining, how to organize your essay before writing it.
17	Using context clues to understand vocabulary.
18	Speaking practice, have them run the conversation.
19	Q and A. Answer any relevant questions they may have.
20	Practice Questions.

<ESL Syllabus>

How to connect with IECC education

- We utilize SimplyBook.me to handle our scheduling needs
 - Go on to our website <http://www.ieccglobal.com> and Click on English Mentoring
 - Go straight into our booking site <https://iecc.simplybook.asia/v2>
- Students can arrange a session through our booking portal
- 20 minute sessions
- Availability is limited but adjustments can be made based on student preferences
- Sessions conducted via Skype

IECC NCLEX-RN Preparation

What is NCLEX-RN ?

NCLEX (National Council Licensure Examination) is a nationwide examination for the licensing of nurses in the United States and Canada since 1982 and 2015, respectively.

NCLEX exam are delivered electronically. The number of questions that need to be answered varies per student, as they are generated based on the answers of your previous question. As such, you might have to answer anything between 75 and 265 questions.

Why with IECC Nclex-RN Preparation?

- IECC provides 150 to 200 highly qualified classes
- Materials IECC provide are based on real Nclex-RN examination
- On each class the instructor will solve problems and explain the concept

Who takes Nclex-RN?

Person who have completed an associate's degree in nursing (ADN) or a bachelor's degree in nursing (BSN) can take the NCLEX-RN exam.

Where do we need to focus on?

NCLEX exam focuses on four specific areas of practice

The first is safe effective care environment. This is about being able to maintain hygiene and control infections. The second element is health promotion and maintenance. Preventative healthcare is one of the most important fields of work today. Then, there is psychosocial integrity. This looks at your ability to cope with the stresses of being a nurse and focuses on being able to deliver mental health care. The final and largest element of the NCLEX exam is physiological integrity, which accounts for 43% to 67% of all questions. This is about your ability to deliver proper nursing care.

How do we take Nclex-RN exam?

IECC provides Credential Verification Service(CVS) during student is taking IECC Nclex-RN Preparation class.

IECC offers CGFNS services based on the candidates' needs for their career. The purpose of each service is different and as your partner, we will help expedite your journey towards new career goals with our guidance.

1. Credential Verification Service(CVS)

The Credential Verification Service for New York State is used by healthcare professionals educated outside the United States who wish to practice in New York and require licensure from the New York State Education Department. The occupations below must order the Credential Verification Service in order to be able to obtain a license for practicing in New York.

- Registered Nurses
- Licensed Practical or Vocational Nurses
- Physical Therapists
- Physical Therapist Assistants
- Occupational Therapists
- Occupational Therapy Assistants

CGFNS verifies applicants' foreign academic and professional credentials and delivers a report to the New York State Education Department, which then evaluates the credentials.

2. VisaScreen

VisaScreen® : Visa Credentials Assessment Service is a comprehensive screening service for healthcare professionals seeking an occupational visa to work in the United States. Applicants who successfully complete VisaScreen® receive an official ICHP Certificate for the VisaScreen® : Visa Credentials Assessment Service. This certificate satisfies the United States Federal screening requirements and it is a mandatory submission to receive an immigrant visa.

3. Credentials Evaluation Service Academic Report®

The Credentials Evaluation Service (CES) Academic Report® provides a detailed analysis of all nursing education received outside the United States. It is advisory in nature and does not make specific placement recommendations. Nurses use the CES Academic Report® for academic admissions purposes. The CES Academic Report® includes a detailed analysis of the courses you attended along with suggested U.S. grade and credit conversions.

IECC provides a wide range of a visa sponsorship and job arrangement services for healthcare professionals. With its headquarters in New York and branches in various Asian countries, it has fostered an outstanding and reliable immigration service for our candidates. Having found opportunities for more than 500 professionals as of today.

Skilled worker positions require at least two years of experience or training in the respective field.
